The *DOMESTIC BROADCASTING SURVEY 9* (DBS-9), May 2007
edited by DSWCI Chairman, Anker Petersen.
ISSN 1399-8218

The 50 years old DSWCI which now counts experienced DX-ers in 35 countries all over the world as members, has just issued the 9th Edition of its annual *Domestic Broadcasting Survey*. This survey is divided into four parts:

Part 1: The 35th edition of the Tropical Bands Survey covering all *ACTIVE* broadcasting stations on 2300 - 5700 kHz.

Part 2: Domestic stations on international shortwave bands above 5700 kHz broadcasting to a domestic audience.

Part 3: All *ACTIVE* Clandestine shortwave stations are listed with schedules and identifications.

Part 4: Deleted frequencies between 2 and 30 MHz which have not been reported heard during the past five years, but may reappear.

This new Survey is based upon many official sources and DX-bulletins. A07 schedules are included when available. In order to make the DBS reliable, our own monitors around the world have checked throughout the period May 2006 - April 2007, if each of the 1050 station frequencies is on the air. *ACTIVE* stations are marked with an A ("Regular"), B ("Irregular") or C ("Sporadic") in the list. D means "Likely inactive".

A unique feature is the right column called "Last log". It shows the last month and year before DBS deadline on April 30, 2007 when the particular station was reported logged by a DX-er somewhere in the world. This is another way of indicating the current audibility of the station. *To make this DBS up-to-date and user-friendly, most frequencies which have not been heard during the past year have been deleted* and moved to Part 4.

Other useful features for easy identification (ID) are the parallel frequencies and reference to Station ID sentences.

Four sample extracts from the DBS-9 are shown on page 2. Reviews can be found on www.dswci.org

All buyers of DBS-9 will get a username and password to the monthly updates on the tropical bands published as "Tropical Bands Monitor" on our website. The similar data from 2005 and 2006 are available at www.dswci.org/tbm to anybody.

The 40 pages A-4 size DBS-9 is available by e-mail as pdf-format (about 500 KB). A limited number is also printed on paper.

They are sold by the treasurer:
